Thinking about autumn can bring about pleasant thoughts. And while it is common to think about cozy scarves, crisp mornings, football, and delicious pies, there is some symbolism in this great season that bears mentioning as we advance our mission to become the global model of oral health education, in care and discovery.

Perhaps the most brilliant spectacle of fall is the changing leaves. As the Greek philosopher, Heraclitus, once said, "The only constant is change," and autumn reminds us that change is absolutely necessary. And change we will.

In this month’s Chairside Chatter, you will continue to read about the amazing accomplishments of our faculty, staff, and students. Our programs and our people at the UNC-CH School of Dentistry have committed to forging a bold and fearless path. One that is creating changes in our curriculum, culture, mindset, faculty and staff engagement, student wellness, promotion and tenure process, interprofessional education and collaborative practice, digital technology, new, high-impact programs, academic, administrative and support structures, and so much more.

Change is happening. We are moving beyond excellence and I thank you all for making it happen.

Happy fall!

Professionally yours,
Scott S. De Rossi, DMD, MBA
Dean and Professor

**Muñoz Aldape Awarded a National Health Service Corps Scholarship**

Rosa María Muñoz Aldape, BSDH ’15, DDS Candidate 2021, was selected by the National Health Service Corps (NHSC) to receive a NHSC scholarship which provides educational funding for primary care providers who commit to serve a community in need upon their graduation and licensure.

Scholars practice at a NHSC-approved site in a health professional shortage area (HPSA). The sites range from rural health clinics, critical access hospitals, Indian Health Service clinics and other federally qualified health centers.

“Coming from an underserved community, giving back to my community is a driving factor in pursuing a career in dentistry,” said Muñoz Aldape. “It is my mission to fill in disparities in dental health by working in an underserved area and ensuring patients have access to comprehensive dental care regardless of financial and language barriers. By providing dental services to these communities, I am not only able to help others maintain and improve their quality of life, but also impact their overall health and well-being.”
**Ciarrocca and De Kok Inducted into the International College of Dentists**

The International College of Dentists (ICD) USA Section inducted Katharine Ciarrocca, DMD, MSEd, and Ingeborg De Kok, DDS, MS, into its member fellowship during the ICD's 89th Annual Convocation in Honolulu, Hawaii.

Ciarrocca and De Kok were selected for their significant contributions to the field of dentistry and their community, in addition to their commitment to the College's core values of integrity, leadership and service. As inducted fellows of the ICD, they were awarded a membership plaque, gold lapel pin and gold key, symbolic of the Fellowship for conspicuous service rendered in the art and science of dentistry.

In an impressive regalia ceremony, 210 dentists from the United States were inducted into the College, witnessed by hundreds of members and guests. The College, with representative chapters in 123 countries, has more than 11,000 members, including 6,500 in the United States.

The International College of Dentists is the pre-eminent honorary organization of the world's outstanding dentists involved in serving others. The ICD is dedicated to the recognition of the professional achievement, meritorious service and the continued progress in the profession of dentistry for all humankind.

**Dean De Rossi Appointed a Consultant to the American Dental Association Council on Scientific Affairs**

Effective October 23, 2018, the American Dental Association (ADA) appointed Dean Scott De Rossi, DMD, MBA, to be a consultant for the Council on Scientific Affairs (CSA) through September 9, 2019. As a consultant, De Rossi will provide expertise as requested from the CSA on oral medicine and oral pathology.

“I am honored to be a consultant for the Council on Scientific Affairs for the ADA,” said De Rossi. “This is a unique opportunity to work with some of the great minds in our profession to ensure that not only the oral health community, but also the general public, receive the very best scientific information on developments within dentistry. Being selected for this post is quite humbling, and I am looking forward to the year ahead serving the ADA in this capacity.”

The CSA provides information on a broad range of critical scientific issues of interest to the dental profession and the public. The council also gives guidance to the ADA science staff in the ADA Seal of Acceptance Program, the Center for Evidence-Based Dentistry, the Center for Scientific Information, the Center for Research and Standards, and the Center for Product Evaluations.

---

**Ferreira Susin Appointed Associate Professor in the Department of Endodontics**

Effective August 2018, Lisiane Ferreira Susin, DDS, began her appointment as a full-time associate professor in the UNC-CH School of Dentistry Department of Endodontics. She will serve as director of pre-doctoral studies in endodontics.

As an associate professor, she will be teaching endodontics in the undergraduate and graduate clinics, and seeing patients at the Dental Faculty Practice, in addition to participating in other research and service activities.

“I am very happy and proud to be part of the UNC-CH School of Dentistry family,” said Ferreira Susin. “In my role as director of pre-doctoral endodontics, I will dedicate all my energy to improve and expand the learning opportunities and experiences of our dental students.

We have outstanding faculty in the department and I’m sure that our students will be very motivated to learn and practice endodontics beyond excellence.”

---

**Ribeiro Appointed Associate Professor in the Department of Diagnostic Sciences**

In August 2018, Apoena De Aguiar Ribeiro, DDS, MS, PhD, began her...
appointment as an associate professor in the UNC-CH School of Dentistry Department of Diagnostic Sciences.

In her role at UNC-CH School of Dentistry, she will provide didactic teaching to pre-doctoral and graduate students, participate in research and offer committee service. She will also provide service to dentists around the country through her work with the school's clinical microbiology service, performing analyses of cultures for identification and quantification of potential pathogens and implementation of molecular techniques for diagnostic microbiology.

“Dr. Ribeiro brings a wealth of expertise to the Oral Microbiology Division of the Department of Diagnostic Sciences,” said Chair of the Department of Diagnostic Sciences, Valerie Murrah, DMD, MS, MAEd. “Her knowledge of pediatric caries and the oral microbiome adds significantly to the expertise of our Oral Microbiology Division. Her track record of recent publications and her national and international recognition will no doubt result in a synergy with multiple investigators in the school.

“In addition to serving as part of the oral microbiology team, Dr. Ribeiro will join Dr. Kimon Divaris as part of his research team working on an NIH grant addressing pediatric caries. We are excited to welcome Dr. Ribeiro to the department and to the UNC-CH School of Dentistry!”

William R. Proffit, Former Chair of Orthodontics, Passes Away
William R. Proffit, DDS, MS, PhD, past W.R. Kenan Distinguished Professor, former chair of the Department of Orthodontics and professor emeritus of the UNC-CH School of Dentistry, passed away September 30, 2018. He was 82 years old.

“It’s a sad day for orthodontics, because we lost a giant of modern orthodontics,” said Ching-Chang Ko, DDS, MS, PhD, chair of the Department of Orthodontics. “Dr. Proffit was well-known and extremely wise in the field of orthodontics. Almost every orthodontic resident has to read his book, and he mentored many successful orthodontists in the U.S. and worldwide. His passing has been a shock to us all.”

Proffit is widely considered an extraordinary influence on the field of orthodontics in the U.S. and across the globe. He was the author of “Contemporary Orthodontics,” a book now printed in 12 languages and known worldwide as the definitive text for both pre-doctoral and post-doctoral orthodontic students; he had completed the sixth edition revisions earlier this year. He was co-author of “Surgical Correction of Dentofacial Deformity” and “Surgical-Orthodontic Treatment,” and published more than 200 research papers, 20 book chapters and given many invited presentations.

Read more about Proffit and his influence on the field of orthodontics here.

More Than 1,600 Hours of Service Provided on Fourth Annual Day of Service
More than 400 UNC-CH School of Dentistry students, staff and faculty provided 1,624 hours of service to 31 local community sites on its fourth annual day of service, conducted on September 27, 2018. The day of service was established to honor and memory of the late Deah Barakat and Yusor Abu-Salha and is called DEAH DAY: Directing Efforts And Honoring Deah And Yusor.

“DEAH DAY is an important day for the UNC-CH School of Dentistry because it allows us all to come together to serve our community while embodying the selfless and caring attitudes that Deah, Yusor, and Razan possessed,” said LaShawn Hart, DDS Candidate 2019 and co-chair of DEAH DAY. “For myself and many others, the significance of DEAH DAY extends beyond the service that we provide. Through DEAH DAY, we are able to show our dedication to improving inclusivity and our support of all individuals, despite the many identities that make us all different.”

The full impact of the day of service includes:

- 20 pounds of dental supplies donated
- 31 service locations, across eight cities and four counties
- 90 craft kits assembled
247 families served
337 meals served
80 lunchboxes assembled
38 walls painted
1,200 care kits for pediatric hospital patients
90 children given oral health instruction
95 animals helped
432 UNC School of Dentistry volunteers, including students, staff and faculty
200 crops planted
225 pounds of food donated
1,250 hours of service
1,900 books collected and donated
9,200 pounds of food sorted

Thank you to the DEAH DAY event co-chairs and all volunteers who helped make this day of service an incredible success.

Harmeet Walia, Former Associate Professor of Endodontics, Passes Away

Harmeet Walia, DDS, MS, former associate professor at the UNC-CH School of Dentistry Department of Endodontics, passed away on October 17, 2018.

He was a beloved teacher, an admired colleague and an inventor. Walia introduced nickel-titanium files to endodontics, which revolutionized the field.

A recipient of the prestigious Ralph F. Sommer Award, Walia was dedicated to improving the practice of endodontics. He will be remembered fondly for his dedication to his students, collegiality, and ability to put a comical spin to everything. He was a friend to all and treated everyone with respect and dignity. He will be sincerely missed.

From the Department of Restorative Sciences

Regional Consortium of Operative Dentistry Educators Meeting

The Department of Restorative Sciences' Division of Operative Dentistry and Biomaterials hosted the annual southeastern regional Consortium of Operative Dentistry (CODE) meeting. Andrea Ferreira Zandona, DDS, MS, PhD, gave a presentation titled, “Non-restorative Caries Treatments - New ADA Guidelines.”
The 7th Annual Matthew Wood Symposium

The 7th annual Matthew Wood Symposium was held at the UNC-CH School of Dentistry October 26.

Featured speakers from the Department of Restorative Sciences, Division of Prosthodontics speakers included:

- **Sun-Yung Bak, DDS**, “Recommendations for Dental Treatment for Head and Neck Radiation Patient”
- **Edward Swift, DMD**, “Tooth Whitening – What we’ve learned in the last 30 years”
- **Katharine Ciarrocca, DMD, MSEd**, “Medically Complex Patients: An Update on Hypertension, Diabetes, and Anticoagulation”
- **Glenn Reside, DMD, MS**, “The collaboration of prosthodontics, pediatric dentistry and oral and maxillofacial surgery during dental autotransplantation”
- **Ibrahim Duqum, BDS, MS**, “Screw Retained Versus Cement Retained Implant Restorations: Keys to Success”

From the Office of Global Initiatives

**Singapore**

The Office of Global Initiatives hosted fourth year dental students from UNC-CH’s international partner, the University of Singapore.

Students observed craniofacial students and participated in radiology and restorative sciences seminars.

**India**

The Department of Restorative Sciences’ Division of Prosthodontics hosted two prosthodontics residents from the Saveetha University in India.

The residents shadowed UNC-CH School of Dentistry residents, attended prosthodontics and periodontics lectures, and observed the craniofacial clinics.

**Moldova**

The UNC-CH Moldova team and the Department of Orthodontics hosted dental students and orthodontics residents from the Nicolae Testemițanu State University of Medicine and Pharmacy for two weeks. The students and residents attended lectures and went on clinic visits to adjunct faculty’s private practices in Raleigh, NC.

From the Office of Professional Development and Faculty Affairs

**Reminder: Faculty Development Friday**

Join us for a presentation on "Improving Your Presentation Skills," by Christian Lundberg, PhD, an associate professor in the UNC-CH Department of Communications.

**November 16, 2018**
School of Dentistry Employees Honored at Service Recognition Breakfast

The UNC-CH Office of Human Resources honored 465 employees celebrating the completion of 25, 30, 35, 40, 45, 50 and 55 years of service with the state of North Carolina.

Sixteen UNC-CH School of Dentistry employees celebrated milestone service anniversaries, listed below:
- George H. Blakey, DDS
- Jennie A. Brown
- Elizabeth F. Craig
- Amelia F. Drake, MD, FACS
- Theresa M. Estcovitz
- Harald O. Heymann, DDS, MEd
- Joyce H. Jefferies
- Mark J. Kutcher, DDS, MS
- Cathy Elliot McDuffie
- Glenn E. Minsley, DMD
- Samuel P. Nesbit, DDS, MS
- Monica P. Petcovic
- Ceib L. Phillips, MPH, PhD
- David B. Rankin
- Jennifer Webster-Cyriaque, DDS, PhD
- Mitsuo Yamauchi, DDS, PhD

Congratulations to all employees on these incredible milestones!

Attention: Activate 2-Step for Office365!
How to Set up 2-Step for Office 365

Step 1: Visit onyen.unc.edu and click on “2-Step Verification for Office 365.”

Step 2: Follow the quick on-screen prompts to opt in to 2-Step Verification.

Step 3: Visit office.unc.edu to finish 2-Step enrollment. Note: you will need your mobile device to complete this step!

If you have any questions, please contact OCIS.

Student and Resident News

- Christopher Ammons, DDS, second-year endodontics resident, was invited to speak on resident panels at the Old North State Dental Society Meeting and UNC-CH Student Research Group (SRG). He will be involved with UNC-CH SRG to mentor dental students who are interested in pursuing a career in endodontics. His research focuses on the comparison of failure modes between anatomical and pre-fabricated post and core systems for endodontically treated teeth.

- Kevin Byrd, DDS, PhD, first-year periodontics resident, will give a talk at the 104th Annual Meeting of the American Academy of Periodontology. During a special session titled, “Future Horizons in Periodontology: Peri-Implant Disease and Regenerative Alternatives,” he will present his current and future work on, “Reservoirs for Regeneration - Diverse Applications of Oral Epithelial Stem/Progenitor Cells.”

- Tenzin Dadul, DDS, MDS, third-year oral and maxillofacial radiology resident, was awarded the inaugural Beyond Excellence Award in the resident category.

- Meng Deng, DDS, MS, and Sehrish Javaid, DDS, MS, both oral and craniofacial biomedicine PhD candidates, received the Freedland Advanced Dental Education Fellowship for 2018-2019.

- Eugenia T. Monaghan, DDS, third-year periodontics graduate student, received the prestigious American Association of Women Dentist/Colgate Research Award. Her mentor is Julie Marchesan, DDS, PhD.

- Brandon Peters, DDS, third-year prosthodontics resident, was named the 3M Biomaterials Fellow. Peters will work on research with Taiseer Sulaiman, DDS, MS, for one year.

- Jordan Sawyers, DDS Candidate 2019, was awarded the inaugural Beyond Excellence Award in the student category.

Employee News

- Jennie Brame RDH, MS, presented two posters at the Interprofessional Education Collaborative (IPEC) Faculty Development Institute. The first was titled, "Using the 5Ps to Develop an Interprofessional Dental Clinic," (authors include, Karen Mendys; Meg Zomorodi, Ph.D; Tom Bush, DNP; Kate Ciarrocca, DMD, MSED; Gina Moreland, RDH, MBA), and the second was titled, "Dental Hygiene and Audiology Student Didactic and Experiential Education Collaboration," (authors include Emma Gibbings; Vicki Kowlowitz, PhD, Nancy M. McKenna, PhD, AuD; and Jane A. Weintraub, DDS, MPH).

- Tiffany Brannan and her husband welcomed their first child, Wilbur (Will) Shelburne Brannan IV, on October 19, 2018. Mom, Dad and baby are doing well and thank everyone for thinking of them during this special time.
Learning including radiology applications, which Tyndall will apply to new research goals.

The symposium was to provide up-to-date information on artificial intelligence for deep surgery topics.

Don Tyndall, DDS, MPH, PhD,

Surgery First.” Turvey was invited to give an all-day lecture to the Argentine Society of Expectations for the Future,” in addition to another presentation on “Indications for 100 Years of Cleft and Craniofacial Surgery in Oral and Maxillofacial Surgery and Meeting of the American Association of Oral and Maxillofacial Surgeons, in Chicago, Illinois.

Timothy A. Turvey, DDS, FACS

Society of Color and Appearance in Dentistry, in Newport Beach, California.

Taiseer Sulaiman, DDS, PhD

Environment and Behaviors Modify Disease Expression through Epigenetics.”

Luiz Pimenta, DDS, MS, PhD

Necessary Dental Care—Medically Complex Patients,” in Gothenburg, Sweden. Her review category.

Valerie Murrah, DMD, MS, MAEd

oral health into medical education,” (authors include Kurt Gilliland, PhD; Ricardo Padilla, DDS; Rocío Quinonez, DMD, MS, MPH; Vicki Kowlowitz, PhD; Lewis Lampiris, DDS, MPH, and Kate Ciarrocca, DMD, MSeD). The second was titled, “Interprofessional collaboration among dental hygiene and nursing students on oral health for cancer patients,” (authors include Debin L. Warren, RDH, BSDH; Katharine Ciarrocca, DMD, MSeD; and JoAn Williams, RN, MSN.)

Ingeborg De Kok, DDS, MS, was presented with the Matthew Wood Prosthodontics Faculty Excellence Award in recognition of her outstanding contributions to the teaching and practice of prosthodontics. She also presented the poster, “A retrospective multicenter study evaluating Atlantis Abutments on implants from four manufacturers,” at the 27th European Association for Osseointegration. Authors include Ingeborg J. De Kok, DDS, MS; Christopher A. Barwacz, DDS; Kumar Shah, BDS, MS; Nurit Bittner, DDS; William Parker, DDS, MS; and Toni Neumeier, DDS, MS.

Kimon Divaris, DDS, PhD, presented, “Insights and progress in the molecular understanding of chronic periodontitis,” at the International Conference on Oral Mucosal Immunity and Microbiome in Chania, Greece. He was an invited participant at the International Association of Periodontology Research Conference in Giessen, Germany. He also served as an external examiner for the graduate program in pediatric dentistry at the National and Kapodistrian University in Athens, Greece.

Massimiliano Di Giosia, DDS, lectured at the AHEC meeting on sleep medicine for dentists in Charlotte, North Carolina.

Christine Downey, DDS, MS, received five years of NIH/NIDCR grant funding for the project, "Care-partner assisted intervention to improve oral health for individuals with mild dementia."

Bethany Fearnow and her husband welcomed a baby boy, Grayson, on October 4, 2018.

Shayna Hill, MPH, shared remarks on behalf of the 8,500 staff employees at the 225th University Day Celebration, joining key note speakers Chancellor Carol L. Folt; Vice Chancellor for Workforce Strategy, Equity and Engagement, Felicia A. Washington; and Associate Dean for Honors Carolina and Director of the James M. Johnston Center for Undergraduate Excellence, James L. Leoudis.

Mark Hyman, DDS, participated in a featured study in the November Clinicians Report.

Valerie Murrah, DMD, MS, MAEd, gave a keynote presentation titled, "Visiting the Future of Oral and Maxillofacial Pathology in the 21st Century," at the Western Society of Teachers of Oral Pathology in Big Sky, Montana. Murrah also presented, "OSHA and Bloodborne Pathogens," for the Southeastern Area Health Education Center in Wilmington, North Carolina. She was an invited speaker at the Wake Forest School of Medicine Dental Mountain Meeting in Asheville, North Carolina, where she spoke on, "Oral Examination and Early Detection of Oral Cancer."

Ricardo Padilla, DDS, received the inaugural Beyond Excellence Award in the faculty category.

Lauren Patton, DDS, presented the summaries of four systematic reviews to the World Workshop on Oral Medicine (WWOM) and to the 14th Biennial congress of the European Association or Oral Medicine, as section head of the WWOM IV group 7, "Medically Necessary Dental Care—Medically Complex Patients," in Gothenburg, Sweden. Her review team consisted of oral medicine specialists from Australia, Jordan, Italy, Spain and the United Kingdom.

Monica Petcovic, was awarded the inaugural Beyond Excellence award in the staff category.

Luiz Pimenta, DDS, MS, PhD, and Silvana Barros, DDS, MS, PhD, will present at the Stomatological Association of the Republic of Moldova’s XIX National Congress. Pimenta’s presentation is titled, "The role of dentistry in the rehabilitation of patients with cleft lip and palate in a team approach," and Barros’ presentation is titled, "How Environment and Behaviors Modify Disease Expression through Epigenetics."

Taiseer Sulaiman, DDS, PhD, spoke on ceramics translucency at the 10th Annual Society of Color and Appearance in Dentistry, in New Port Richey, California.

Timothy A. Turvey, DDS, FACS, was invited to speak at the 100th Anniversary Meeting of the American Association of Oral and Maxillofacial Surgeons, in Chicago, Illinois. Turvey presented at a plenary session where he delivered a lecture on, "The Last 100 Years of Cleft and Craniofacial Surgery in Oral and Maxillofacial Surgery and Expectations for the Future," in addition to another presentation on "Indications for Surgery First." Turvey was invited to give an all-day lecture to the Argentine Society of Oral and Maxillofacial Surgery in Buenos Aires, Argentina, on a variety of orthognathic surgery topics.

Don Tyndall, DDS, MPH, PhD, attended a Deep Learning Symposium, sponsored by SAS, NVidia and UNC-CH, at the SAS world headquarters in Cary, North Carolina. The symposium was to provide up-to-date information on artificial intelligence for deep learning including radiology applications, which Tyndall will apply to new research goals.
Timothy Wright, DDS, MS, gave an all-day continuing education course at the Oregon Pediatric Dental Association. Topics included: "Esthetic Management of the Primary and Early Mixed Dentition;" "Diagnosis and Management of Developmental Dental Defects;" "Recent Advances in Pulp Therapy and Nonsurgical Caries Management;" and "Changing Oral Health Care: From the Microbiome to the Human Genome."

School Events Calendar Now Live!

The UNC-Chapel Hill School of Dentistry has so many great things going on all the time -- so to keep things straight, we have created a school-wide events calendar. Note that this calendar is not intended to replace the academic calendar, but rather to share important, interesting events happening at our school.

Prior to scheduling an event to which you intend to invite a portion of or the whole school, you are encouraged to check this calendar to ensure we do not conflicting events.

How do I view this calendar?
Easy! You access this new calendar just like any shared calendar in Outlook. Just search for the shared calendar: SOD - SOD Event Calendar.

How do I add things to this calendar?
Permissions to edit this calendar are restricted to a small group of people. If you have an addition to the calendar, email our Chief Communications and Marketing Officer Tiffany Brannan (tiffany_brannan@unc.edu).

Office of the Dean | UNC-Chapel Hill School of Dentistry | 919.537.3236 | www.dentistry.unc.edu

This message is sent to all students, residents, staff, faculty, and alumni and friends affiliated with the UNC-Chapel Hill School of Dentistry. Please submit content and corrections to the school's Chief Communications and Marketing Officer Tiffany Brannan: tiffany_brannan@unc.edu, 919.537.3260.

STAY CONNECTED WITH DEAN DE ROSSI
